:9:

The extracurricular activities are an integral part of the holistic development at DPS Panipat Refinery. The school offers a wide range of age specific activities. We take the learner's aptitude and interest in his/ her chosen area and develop it over the years through joyous and creative engagement with peers who enjoy the same interests. These could vary from Sport disciplines to the Arts; Science to Humanitarian engagement or Literary to Culinary. Our school collaborates with the British Council (International School Award) for international projects in all subjects.

:10:

DPSPR has an ever evolving system encompassing various activities and experiences in school. We remain committed to providing an activity based integrated learning environment to our students and prepare them to keep pace with the changing times. We offer activity based, well curated composite curriculum for Nursery and Prep specially designed to build concepts in a graded progressive manner based on the Reggio Emilia Approach.

Art, music, theatre, technology and sports are interwoven into the daily program to foster the development of scientific aptitude, language and numeracy skills. The curriculum champions self-discovery, appreciates unique talent among children and builds a community of individual and collective excellence. It supports academic rigour through project-based and experiential learning.

:11:

Physical Education is an integral part of our school curriculum. Learners enjoy the facility of two huge play fields and eight playing stations. Sports that we offer are cricket, football, Volleyball, basketball, table-tennis, chess, carrom, taekwondo, gymnastics and yoga. In addition to the development of sports skills, important lessons of team cum competitive spirit and time management are also provided for a holistic growth.

:12:

We connect the concepts of curriculum with day -to-day life experiences and engage our children with learning -by- doing methods to enhance better grasping.

:13:

Our model of education is proven and time tested. Like all DPS schools, we deliver quality education with strong emphasis on academic excellence as well as all round development of the child to succeed in the modern world.
